

# 2017 Wreath Price List

[www.youngamericangrowers.com](http://www.youngamericangrowers.com) | [info@youngamericangrowers.com](mailto:info@youngamericangrowers.com)

## About Our Wreaths

- Wreath building begins Monday **November 27, 2017**
- Wreaths are made with a mixture of greens depending on availability (e.g., white pine, Douglas and Fraser fir, Juniper, blue spruce, Concolor, etc.)
- Greens are locally harvested or locally purchased
- Wreaths can be displayed indoors or outdoors and last longer when hung outdoors
- Wreaths are constructed using a clamp ring which is clamped by hand (see photo to the right) – this creates a very sturdy wreath as each bunch of greens is clamped together to the wreath ring – A loop will be available on the back for hanging

## Wreath Pricing
